Howling: The City of Nightmare by Jae Gwon Hyun / Yuna

*There is a
small box inside
everybody's heart*

*The box could
be transparent, smooth,
or broken from damage*

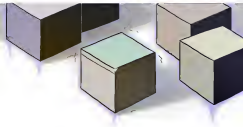

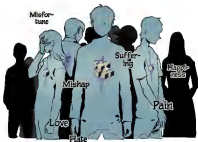

*We roughly know
what may be inside
the box*

*But, we don't try to
open it. There is no need to
touch it... Or you are
scared to*

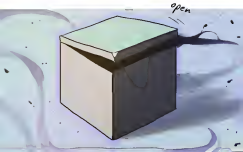

clench

*The "opportunity"
opens the door of
the box*

*Some day, the
voice coming from
within...*

*The "Voice" freed from the
box, will take over our body,
spreading out like smoke*

*It will change everything
about one person's normal life*

Even if you try to stop it

*Like fire that keeps on
going, no matter what.*

*Swallowing everything
nearby*

We call the voice
in that box
"your true nature"

Or
Dark heart'

That cruel and
dark heart...

I could hear
it like howling of
a beast

And, the
devil was woken
up
